Transforming  
Spaces with  
Elegance and  
Innovation

## About Us

Since 2011, CARC Interiors has been dedicated to creating stunning homes, inviting bedrooms, innovative commercial spaces, and efficient offices with distinctive designs. We prioritize not only aesthetics but also comfort in our designs. From serene bedrooms for unwinding after a long day and theater units for binge-watching, to adaptable kitchens for your culinary adventures and inspiring office spaces for your passions, we bring a touch of magic to every project. When you choose CARC Interiors, your dream becomes our mission.

## Why Carc interiors

We embarked on our journey in 2011 with a team of dedicated professionals and talented designers. Our relentless efforts and passion for design have propelled us to the forefront, making us the No.1 interior designer in South India. Renowned for our phenomenal designs and unique finishes, we take pride in our craftsmanship. With the hard work and support of over 300 employees, we manufacture customized products using high-quality materials from our collection. At CARC Interiors, every project is a testament to our excellence.

Our materials are rigorously tested to withstand the region's diverse climatic conditions, ensuring durability and longevity. We specialize in designing interiors for homes, offices, and commercial spaces, seamlessly blending expertise and art. Equipped with state-of-the-art German technology, our craftsmanship is unparalleled, creating products that are unique and durable. At CARC Interiors, we bring your dreams to life, designing beyond your imagination.

## Dinning room

- Dining tables and chairs
- Crockery
- Partition
- Washing counter

## Steps to final action

At CARC Interiors, we specialize in fully customized designs tailored to meet each client's unique requirements. Our extensive selection of colors and finishes allows customers to create anything they envision. We pride ourselves on manufacturing products of unmatched quality and delivering them on time. Every aspect of a home – from the foyer, living area, dining area, and bedrooms to bathrooms, partitions, wardrobes, and crockery shelves – is meticulously planned and executed to achieve the perfect finish.

Clients can share their ideas with us through sketches or drawings from any source, and we transform these concepts into reality. Our rough estimation process provides clients with a clear understanding of the financial commitment needed to initiate the project. To get started, a booking payment of Rs 40,000 is required for projects valued at Rs 10 lakhs, and Rs 60,000 for projects worth more than Rs 10 lakhs.

Our design team immediately begins work, setting the process in motion. We start developing 3D drawings upon receiving a minimum payment of Rs 2 lakhs. Once the design is confirmed, a final quotation is presented for client approval. The project is then assigned to the relevant departments, and our timeline begins. Projects under 500 sqft are completed within 45 working days, while those exceeding 500 sqft require up to 75 working days for completion.

- **Understanding clients need**

Our sales team comprises patient listeners who will absorb and analyse the client's requirements in detail.

- **Rough estimation**

A rough estimate of the work at hand will be shared with clients for confirmation, post which a booking amount has to be paid.

- **Final quotation**

The team prepares a final quotation which will be submitted along with the design layout. Post the final confirmation, an expert designer gets the on site measurements to initiate production at our factory.

- **On site work**

Once the products are ready for dispatch the advance amount of 50% will be collected from the client and we deploy workers and supervisors on site.

- **Key handover**

Within 45 working days our team will handover the home to our valuable clients – a home where every element speaks of perfection.

- **Life time service**

We never leave you after completing the work. We provide lifetime service along with two complementary services.
